

San Diego FAASTeam presents:

Flight Instructor Open Forum - Preventing Loss of Control Accidents

Preventing Loss of Control Accidents

The purpose of this forum is to discuss techniques to help Flight Instructors look for errors and root causal factors to help their students avoid Loss of Control situations, the number one cause of General Aviation accidents.

This program was produced by S.A.F.E. - Society of Aviation and Flight Educators and approved by the FAA.

A short Topic of the Month subject goes tandem with the main subject and that is Transition Training. Produced by GAJSC with FAA approval.

FAASTeam Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums

SPECIAL APPRECIATION TO SAN DIEGO FLIGHT TRAINING INTERNATIONAL FOR PROVIDING THE EXCELLENT CLASS ROOM FACILITIES.

Directions: The Flight School classroom is across the street from the entrance to Montgomery Airport. There is plenty of good parking. Meet in room #105.
